

## 50 LAPPER DEMO DERBY RULES 2025

The race will be run on the regular race track.

The track will be heavily watered before the race begins.

It will be a F1 style start. Cars will line up side by side stationary with engines running. The flagman will start the race.

Contact with another car must be made within 2 minutes after the start of the race. Absolutely no intentional contact with a racer's driver door with the bumper.

Caution flag will only be used if a car is stalled on the race surface or if there are large heavy objects on the race surface. Any other debris will be left and drivers will have to avoid it or run over it whatever you choose to do. Yellow flag laps will count towards the total 50 laps.

Cars may leave the track to make repairs and return to the race.

Additional rules can be found at the link below.
